

AVC Company Overview

About AVC

- Introduction
- Joint Venture
- Product & Services
- AVC Growth
- Future Grow Areas
- Customers & Partners
- Benefits to KSA

Introduction

- Advance Vision Company (AVC) was established in early 2009 focused on Naval defense training services.
- In 2013 AVC diversified to include Air Force programs.
- In Feb 2015 to better serve its customers, AVC created a Joint Venture with Rheinmetall Defense, Germany under the name Rheinmetall Arabia Simulation and Training LLC. (RAST).
- In May 2017 AVC was awarded a major program to maintain and upgrade Aircraft Arrestor Gear Systems for the RSAF.
- In July 2017 AVC Defense was established as a division of AVC.
- In recent years AVC Defense has expanded its portfolio to include logistics, AGE and Support Equipment repair and overhaul

Joint Venture

AVC Defense (60%)

- Major player in the Kingdom of Saudi Arabia in the sale and supply of nautical simulators and related training and support services. Logistics and aircraft equipment technical support and related businesses.

RHEINMETALL (40%)

- Rheinmetall Electronics is one of the most trusted names in the international Defence and security technology sector and a leading suppliers of state-of-the-art simulation technology.

Rheinmetall, Germany and Advance Vision Limited Riyadh, Saudi Arabia have formed an exclusive joint venture called Rheinmetall Arabia Simulation and Training (RAST) LLC in Riyadh. The company will serve the Saudi Arabian simulation and training market, offering the broad portfolio of both companies in the Kingdom.

Products and Services

- **Current Focus Areas**
 - Simulation & Training
 - Operation & Maintenance
 - Aircraft Arresting Systems

- **Future Growth Areas**
 - Gimbal & Searchlight
 - Engineering and Logistics MRO
 - Unmanned Systems
 - Air Defense Systems

Simulation & Training

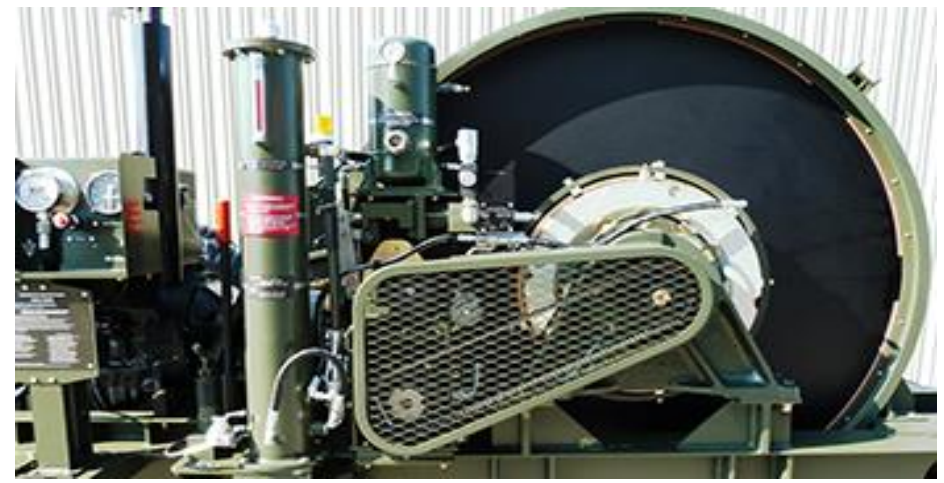

- AVC-Defense / RAST provides a full range of training and support on the following Airborne and Naval platforms:
 - Bell-412
 - Typhoon
 - C-130
 - F3000 Frigate Bridge Simulator
 - A330 MRTT
 - F-15 DMT

Delivered through our JV RAST
